I have a large order to place ... How do I get a better price from Amazon Business??

If you are “**Buying in bulk?**”, here’s how to save an average of over **10%!**

- If you have a purchase that is over \$5,000, you can simply email me the link to the item or the item number and quantity – I’ll get back to you with a better price
- If you have a purchase that for 1 item and is over **\$10,000 or over 999 units**, you can request quotes from all of the sellers directly from the Amazon Business website (please see screen shot below)
 - Click on the “**Buying in bulk?**” link in between the Quantity & Add to Cart buttons to request a quote (*average savings is over 10%, but I’ve seen over 25%*)
 - Quotes will come directly to you from the sellers!
 - Once you place the order, send me the order number, so I can put a 2nd set of eyes on it for you and that is it!!!
